NEW YORK CAMPAIGN

IS IN FULL STRIDE

Hearst, Hopper, Roosevelt
and Parker Are All
Spell-binding.

New York, N. Y., Oct. 19.—The New York state political campaign jumped into full stride when the party to be reckoned with seriously in the final count—the independence league—formally took the field with two mass meetings of notification and ratification in Manhattan and in Brooklyn.

What effect the activities of the league will have on the two old line parties—from which of them it will draw the most votes—has been matter of much speculation in the councils of both. It was the independent campaign of William Randolph Hearst, now candidate of the league for lieutenant governor that elected an entire fusion ticket in New York city a year ago, mayor Gaynor excepted.

The principal speakers were John J. Hopper, candidate for governor and Mr. Hearst.

In accepting the nomination Hopper declared that he appreciated it the most because "no proffer came from room 212, nor had the 'big stick' any place in our deliberations."

Hearst was one of the last speakers to take the platform.

"Some two months ago Mr. Roosevelt declared that he would drive the bosses out of the Republican party in New York," he said, "then he went out to Colorado to do it."

Roosevelt Believes Dick.
Troy, N. Y., Oct. 19.—Theodore Roosevelt journeyed up the Hudson speaking in behalf of Henry L. Stimson, Republican nominee for governor and belaboring John A. Dix, the Democratic nominee.

Tammany Hall and Wall street as he went. Col. Roosevelt's throat was in much better condition than it was when he returned from the southern trip.

Parker Denounced Charge.
Olean, N. Y., Oct. 19.—Judge Alton B. Parker began the Democratic state campaign here with a speech in which he strenuously denounced Col. Roosevelt's charge of an alliance between Tammany Hall and Wall street. On the contrary, he said, the colonel's charge raised a strong presumption that the Republican political organization has established relations with Wall street or some part of it. He urged enactment of a law providing for imprisonment instead of mere fine in cases of corporate contributions to campaign funds.

DAILY RECORD.

Building Permits.
To P. E. Kelley, to build eight room residence, lots 22 and 23, block 2, McGuffin addition, McGuffin avenue; estimated cost \$3500.

To Apollinar Sanchez, to build residence, lot 9, block 23, between 10th and 11th streets on Broadway; estimated cost \$100.

To John Figueroa, to build washroom, 1107 Rio Grande street; estimated cost \$150.

Deaths Filed.
East El Paso, Oro street, between Rayner and Piedras streets—Chas. Polli to Eliza Burdick, lots 30, 31 and 32, block 64; consideration \$500. Dated October 7, 1910.

Orchard Park addition—W. L. Bradley to Robert Anderson, lots 1, 2 and 3, block 6; consideration \$800. Dated September 19, 1910.

El Paso county—C. B. and Pauline McDonald to T. J. Clegg, sections 3, 4, 5 and 6, block 36; sections 3, 4, 5, 6, 11 and 12, block 27; sections 1 and 2

and 11, 12 and 13, block 25, public school lands; consideration \$20,443.50. Dated October 10, 1910.

French addition, Manzana street, between Bowle and Crockett streets—Benancia Leahy to Eladio Chacon, lots 29 and 32, block 2; consideration \$300. Dated March 24, 1910.

Military Heights, corner Florida and North avenues—H. H. McCord and Charles Orpin to Willie M. Lewis, lots 14, 15 and 16, block J; consideration \$10. Dated May 22, 1908.

Plateau, Texas—J. R. Day and Levi Anderson to Mrs. K. E. Turner, lot 7, block 48; consideration \$40. Dated September 20, 1910.

Plateau, Texas—J. R. Day and Levi Anderson to G. W. Shiffeld, lot 21, block 30; consideration \$36. Dated September 20, 1910.

Plateau, Texas—J. R. Day and Levi Anderson to J. T. Stevenson, lot 1, block 40; lot 2, block 43; lot 20, block 5; lot 1, block 28; lot 24, block 43; lot 12, block 115; lot 12, block 4; lot 22, block 77; lot 9, block 43; lot 10, block 4; consideration \$500. Dated September 20, 1910.

Plateau, Texas—J. R. Day and Levi Anderson to John Hallman, lot 1, block 62; consideration \$40. Dated September 20, 1910.

Plateau, Texas—J. R. Day and Levi Anderson to Miss Mattie Mae Redding, lot 3, block 17; consideration \$37. Dated September 20, 1910.

Plateau, Texas—J. R. Day and Levi Anderson to Mrs. S. F. Redding, lot 20, block 27; consideration \$36. Dated September 20, 1910.

Van Horn, Texas—Allie T. and C. R. Magee to T. H. Yarbro, A. S. Been and Joseph A. Espy, lots 4, 5 and 6, block 12; consideration \$575. Dated September 14, 1910.

**WORLD'S GREATEST FARM
OPERATOR PASSES AWAY.**

St. Joseph, Mo., Oct. 19.—Stricken with paralysis last Saturday, David Rankin, operator of the largest farm in the world, died at Tarkio, Mo., late Tuesday. Mr. Rankin was prominent in North Missouri affairs, and well known as a philanthropist.

**WELLMAN TO MAKE
ANOTHER ATTEMPT**

Promoters of Trans-Atlantic Scheme Not Discouraged by Failure.

Atlantic City, N. J., Oct. 19.—Another attempt will be made to cross the Atlantic in a dirigible balloon, according to a wireless message received by president Joseph Salus of the Wellman syndicate.

The message came from chief engineer Melvin Vaniman, of the America, and was in answer to a query sent by Salus as to whether arrangements had been started toward a new balling for the trans-Atlantic trip.

"I believe that if we had the thing to do over again, it would prove a success," said Vaniman's message, which is taken to mean that enough knowledge of air currents was secured almost to guarantee the crossing of the ocean by a new attempt.

"Valiant Vaniman and other brave associates of the trip kept up in the air until we were rescued, by their coolness and daring," the dispatch sent by wireless from Wellman to the Trent, to his secretary, LeRoy Chamberlain.

President Salus flashed the following message by wireless to Wellman: "Thank God you and crew are safe. Have greater confidence in you than ever. Will expect you back in Atlantic City to arrange for future attempts to cross Atlantic in dirigible."

Precious Stones In Texas

El Paso County Furnishes Some Excellent Turquois

Austin, Texas, Oct. 19.—Up to the present time Texas has not produced any precious stones save pearls and turquois. We may except from the list certain beautiful amethyst crystals from Llano county, as they are not precious stones. In the first place, and in the second place, they have not been placed on the market, although some of them are extremely handsome. From Llano county comes also a beautiful rose-quartz, which makes attractive ornaments, especially when cut in cabachon.

Some of the rarer agates, chalcedony, carnelian, etc., from Brewster and Presidio counties, could be fashioned into beautiful articles. The exhibit of these stones that was made at the St. Louis exposition was greatly admired. Small but fine moss agates have been reported from San Patricio county and beautiful quartz crystals from Mills county.

A few good pearls have come from the common mussel in the Llano river, the Colorado river, etc. It is reported that a pearl valued at \$70 was found in the Llano river, above the town of Llano. Besides the streams mentioned it is likely that the pearl mussel exists in the Pederiales, the San Sabe, the Clear Fork of the Brazos, etc.

El Paso Turquois.
From El Paso county, near Van Horn, there has come of late some very good turquois. The Texas turquois company, El Paso, Texas, own the locality and will have the cut stones, matrix, etc., on exhibition at the Dallas State fair.

So far most of the cut stones from this place show a slight greenish tinge instead of the pure robin's egg blue, but it is likely that further search would result in the discovery of the more valuable blue stones. The turquois matrix from the Van Horn locality makes a very odd and attractive stone for scarf pins, rings, brooches, etc. No two are alike. Some are speckled blue, blue-green and faint green against a light chocolate background. Some have a well defined band of blue-green traversing a chestnut-brown matrix. Others resemble a scab, having a curious resemblance in shape (due to cutting) to this old Egyptian sacred beetle, but the head is of a faint blue-green color and the body a light chestnut. These "scab" stones have a curious indentation extending lengthwise of the body, as though the two halves had been joined together.

Value of the Stones.
The blue-green stones, when cut, run from two to three karats and are worth from \$1.50 to \$2 per karat, according to quality. The matrix stones, when cut, run from five to eight karats and are worth from 75 cents to \$1.50 each, according to the quality, markings, etc.

It is likely that an industry of some importance could be based on the El Paso county turquois, by careful selection of the material and artistic cutting.

Other turquois localities in the United States are: Mohave county, Arizona; Montezuma county, Colorado; Grant, Otero and Santa Fe counties, New Mexico; and Esmeralda, Nye and Washoe counties, Nevada. The total production in 1908 of turquois matrix and turquois was about 15 tons, by far the greater part, of course, being matrix. There are no separate returns giving the value of the turquois produced.

**TUCUMCARI ELKS
PLAN LARGE HOME**

Chamber of Commerce Incorporates; Fire Destroys Cottage; Road Building.

Tucumcari, N. M., Oct. 19.—At a meeting of the local lodge B. P. O. E., it was decided to at once begin the building of their new home and club rooms on the lots owned by the Elks on East Main street. Contractors will be asked to make their bids as soon as the plans and specifications can be drawn up, as it is not known yet just what style of building will be constructed. It is estimated that in the neighborhood of \$15,000 will be appropriated, however, for the building, as it is the intention of the members to have a complete set of club rooms. This movement has been in contemplation for the last year, ever since the lots were bought.

The fire destroyed the cottage owned by P. M. Butcher and occupied by J. T. Bristow, on the north side of the E. P. & S. W. roundhouse. The loss will be approximately \$2000. A high wind was blowing, which quickly completed the destruction of the building. Rain following, helped the fire department.

Ollie Lawson, who has been working with the Santa Fe Railway company at Winslow, Ariz., is in Tucumcari, making a three weeks' visit with his mother and sister.

Dr. R. J. Thompson has returned to this city after having taken his wife to Rochester, Minn., where she was operated on by the Mayo brothers. It is expected that she will return to Tucumcari within two weeks.

Reed Scott and Miss Fannie Collier were married at the courthouse by Rev. J. J. Dalton. They will make their future home at Childress, Texas.

A. L. Walker has purchased a home on South Third street, formerly in the possession of W. W. Mayes. Lange & Sney made the exchange.

The final incorporation papers of the Tucumcari chamber of commerce have been filed at Santa Fe. The incorporated directors of the body are: Donald Stewart, J. W. Corn, W. H. Slaughter, C. B. Hamilton, F. Caruthers, T. A. Muirhead and H. B. Jones.

The filing of these papers is the culmination of several months of work toward the final organization of a chamber of commerce in this city, and already evidences of the efficiency of the body are being seen. One of the questions to be thrashed out the coming year will be that of well irrigated lands.

Work which is at present being investigated with a view toward establishing a series of plants on the order of that of Portales in this valley and surrounding country. Already several small plants embracing the combined dam and irrigation idea have been begun, or are already in operation, these to demonstrate the practicability of such work to others. Another effort which will be made by the secretary, W. H. Slaughter, will be the improvement of the streets and roads of Tucumcari, and a possible culling of the city highway to mitigate the dust nuisance. The farmers in the eastern portion of the county and especially in the neighborhood of Logan, are urging the betterment of the country roads, especially at steep grades and in the neighborhood of streams.

The regular meeting of the local W. C. T. U. will be held at the home of Mrs. J. R. McAlpine on Tuesday, October 25.

HOUSEHOLD HINTS.

By Rex Jones.

To prevent a draft from open windows, close them.

To prevent the moving man from breaking your pictures in his van, smash 'em yourself before moving.

Bread is now sold by weight. This should encourage the young bride of the comic papers, as she would receive a fabulous sum for her biscuits.

In summer eggs are usually cooked open to prevent an effect of coolness, but in the fall such treatment is out of the picture, and eggs should be boiled and served while inclosed in their cocoon. Attention to little details of this kind make the perfect housewife.

Mince pie—Make a pie. Insert mince meat. Serve hot, cold or medicinally.

Vacuum cleaners should be used very carefully, especially in removing dollar bills from the boss's desk.

An excellent way to practice for the hobble skirt is to hop around the house while standing in an ash can.

A novel icebox, which dispenses water, is to be had at Westchester avenue and Williamsburg. The price may be saved on ice alone in a month. All that is necessary is to keep the device buried in the snow.

COSGRO GOES TO MEXICO.

John P. Cosgro, manager of the El Paso office of the Allis Chalmers company, will go to Mexico City on November 1 to take charge of the company's office there. He has had charge of both the Mexico and southwest territories for the company, but hereafter he will have charge of the Mexico branch exclusively.

W. H. Whalen, superintendent of the Tucson division of the Southern Pacific, arrived in the city Tuesday morning in the private car "San Carlos."

J. J. McArthur has been employed as a brakeman by the G. H.

**S.S.S.
CURES OLD SORES**

Whenever a sore or ulcer becomes chronic it is because of bad blood; the healing qualities of the circulation have been weakened by impurities and germs in the blood.

We all realize that the circulation is the great source of nourishment for all flesh tissues; thus we readily understand why impurities or poisons in this vital fluid will infect and disease the flesh at some particular spot, and by continually discharging impurities into it, keep the place open, raw and inflamed.

Every symptom of an old sore suggests diseased blood. The inflammation, discharge, discolored flesh, and the fact that external applications have no permanent effect toward healing the ulcer show that deep down in the system there is a morbid cause for the sore. But more convincing proof that bad blood is responsible for these places is furnished by the fact that even removing a sore or ulcer by surgical operation does not cure; they always return.

No sore can heal where the blood is impure; no matter how much attention is devoted to the dressing of it with salves, washes, lotions, etc., the impurities on which it thrives are being continually deposited into it by the burdened circulation. Cleanse the blood and the sore will heal of its own accord, because then its very source and foundation will have been destroyed, and the plasmic qualities of the circulation will cause a firm knitting and interweaving of the flesh.

There is a simple way to cure old sores, and it is the only way—remove the morbid matters from the blood. Outward applications can never produce a cure because such treatment does not reach the blood, they merely assist in cleansing the diseased flesh or allaying feverish inflammation.

S. S. S. heals Old Sores by going down into the circulation and removing the cause from the blood. When this has been done there is no longer left any inflammatory impurity or infectious matter to irritate the place, and nature causes the natural healing of the ulcer.

When S. S. S. has purified the blood and the place is once more nourished with pure healthful blood, then every symptom disappears, and it is not a surface cure, the place is firmly and solidly healed from the bottom to the outer skin. S. S. S. is recognized as the greatest of all blood purifiers, made entirely of healing, cleansing roots, herbs and barks. It is a medicine adapted to persons of any age, and is just as efficacious with the aged as with those of younger years. Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be doubly benefited by its use. Special book on Sores and Ulcers, and any medical advice desired will be sent without charge to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

BAD SORE FROM OLD WOUND.
I want to recommend S. S. S. to any who are in need of a blood purifier, and especially as a remedy for sores and obstinate ulcers. In 1877 I had my leg badly cut on the sharp edge of a barrel, and having on a blue woolen stocking, the place was badly poisoned from the dye. A great sore formed and for years no one knows what I suffered with the place. I tried, it seemed to me, everything I had ever heard of but I got no relief, and I thought I would have to go through life with an angry, discharging sore on my leg. At last I began the use of S. S. S., and it was but a short time until I saw that the place was improving. I continued it until it removed all the poison from my blood and made a complete and permanent cure of the sore.
JNO. ELLIS,
108 Wyckoff St., Brooklyn, N. Y.

**WOMAN IS ARRESTED IN
TIMES DYNAMITE CASE**

Mrs. Lavin, Proprietor of a Rooming House in San Francisco, Is Held on Murder Charge.

San Francisco, Cal., Oct. 19.—Mrs. Belle Lavin, proprietor of a rooming house at 2410 Mission street, has been arrested as a fugitive from justice in connection with the investigation into the Los Angeles Times explosion case late yesterday afternoon. The warrant was obtained by assistant district attorney Louis A. Duni, of Los Angeles before magistrate J. W. Summerfield, of that city. The woman left for Los Angeles with detectives. The woman was arrested on a Jane Doe warrant charging murder. She was booked at the police station as a fugitive from justice.

Mrs. Lavin figured in the investigation a few days ago when it was learned that the man known as "Perry" or "Smithy," one of the trio, sought in the case had lived at her house for several weeks.

**NO BACKACHE OR KIDNEY MISERY
AFTER TAKING JUST A FEW DOSES.**

Out-of-order Kidneys Act fine and Bladder trouble vanishes.

The time to cure kidney trouble is while it is only trouble—Before it settles into Dropsy, Diabetes, Gravel or Bright's Disease.

The moment you suspect any kidney, bladder or urinary disorder, or feel a constant dull aching in the back, sides or loins or the urine is thick, cloudy, offensive or full of sediment, irregular of passage or attended by a sensation of scalding you should begin taking Pape's Diuretic as directed, with the knowledge that there is no other medicine at any price, made anywhere in the world, which will effect so thorough and prompt a cure.

Pape's Diuretic acts directly upon the kidneys, bladder and urinary system; cleanses, vitalizes and regulates these ducts, organs and glands, ending at once such miserable symptoms as lame back, Prostatic trouble, headache, dizziness, weakness, nervousness, rheumatism and darting pains, inflamed or puffy eyelids, irritability, bilious stomach, worn-out feeling, sleeplessness or uncontrollable urination (especially at night), and other distress.

Don't be miserable another moment with a lame back or clogged, inactive kidneys or bladder misery, for taking Pape's Diuretic a few days you will be relieved and know all danger is passed.

Your pharmacist, physician, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape of Cincinnati, Ohio, who prepare Pape's Diuretic—50 cent treatment—sold by every druggist in the world.

Pape's Diuretic acts directly upon
